## INDIVIDUAL PACKAGING

AVMCatering can offer versatile, individually packaged options that suit your catering needs. Individual packaging is an easy and convenient way to deliver morning or afternoon teas, lunches, cocktail items and more to your guests during in-house trainings, workshops, seminars or luncheons.

Our individual packaging options are environmentally friendly, using biodegradable and recycled packaging. Pricing for packaging will depend on your choice of menu items, but is a small additional cost to the normal menu item per package.

For further information or a quote, contact our team today.
